Delivery Method: Online

Hours: CE: 5 CEE: QE:

Status: Approved w/IDECC

IDECC Expiration: 10/3/2028

CAP Expiration:

Approval - Expiration: 11/14/2025 - 11/14/2027

Thank you for your recent submission of the education class listed above for initial approval. At our recent meeting, the Arkansas Board approved the class for a period of two years, provided no substantive course content changes are made and IDECC approval is maintained. Please advise the Board's staff as soon as possible if the course undergoes significant content modification or an instructor change. The course will expire on the lesser of the Board or IDECC expiration dates. If the IDECC expiration date is prior to the Board expiration date, you'll need to submit a new IDECC approval to extend to the Board expiration date.

Approval may be extended one time for an additional two years, without an application fee, by submitting an Education Course Application and supporting documentation to sarah.johnson@arkansas.gov. Failure to timely request an extension prior to the expiration date will result in automatic termination of the educational offering's approval status.

Consistent with this approval is your authority to advertise that these courses and instructors are approved by the Arkansas Appraiser Licensing and Certification Board.

Sincerely,

Sarah Johnson
Fiscal Support Coordinator
