CONTINUING EDUCATION APPROVAL

TO: Ms. Connie Covey
Green Mountain eLearning
DATE: April 30, 2026
FROM: Jodie Campbell, Executive Secretary
RE: Continuing Education Approval

The following educational offering submitted by Green Mountain eLearning has been reviewed and *APPROVED* for ND appraiser continuing education:

Course Title:	Valuation Bias and Fair Housing Laws and Regulations
Initial Date Course Approved:	April 30, 2026
Course Approval Number:	CE-226022
Hours Approved:	7 hours
Approval End Date:	March 25, 2029*
Delivery Method:	Classroom/Synchronous**

*If the course **is not** approved through the AQB Course Approval Program (CAP) or **does not** have IDECC approval, the term of the course approval is FOUR years.

However, if the course:

- **is** CAP Approved, the term will align with the "Approval End Date" as specified on the AQB Course Approval Program Certificate.
- **is not** CAP Approved but **is** IDECC Approved, the term will align with the "Approval End Date" as specified on the IDECC Approval Certificate.
- **has both** CAP and IDECC Approval, the term will align with the earliest "Approval End Date" of either the AQB CAP or IDECC.

It is the responsibility of the course provider to apply for approval of each course at the end of the "Approval End Date".

****Qualifying & Continuing Education Application Approval:** When a course receives approval for Qualifying Education in North Dakota (ND), that approval automatically allows that same course to count toward Continuing Education credit, without the Education Provider needing to submit a separate application for Continuing Education approval. The approved course will be listed on the ND Approved Qualifying Education Course Roster, but not on the ND Continuing Education Approved Roster. If you, as a Course Provider, want the course listed on both Rosters, you must complete applications for both Qualifying and Continuing Education approval.

If a student is completing a North Dakota approved "Qualifying Education" course for "Continuing Education" credit, a certificate issued by the Provider with the North Dakota "Qualifying Education" approval information is sufficient verification of completion. The Education Provider does not have to issue a certificate specific to Continuing Education.

Classroom/Synchronous Approval: The Appraisal Qualifications Board (AQB) Course Approval Program allows both classroom and synchronous courses to be approved as "classroom/synchronous". North Dakota will follow this same procedure. If a course receives approval from the AQB as classroom/synchronous, the Education Provider only needs to submit a single application for approval.

Thank you for your submission.
